

## ELSEVIER SUBSCRIPTION AGREEMENT

This agreement (“Agreement”) is entered into as of 15 June 2021 by and between **Universidad Miguel Hernandez de Elche**, Avinguda de la Universitat dElx, Elche, 03202, Spain (the “Subscriber”), and **Elsevier B.V.**, Radarweg 29, 1043 NX Amsterdam, The Netherlands (“Elsevier”).

The parties hereto agree as follows:

### SECTION 1. SUBSCRIPTION.

#### 1.1 *Subscribed Products.*

Elsevier hereby grants to the Subscriber the non-exclusive, non-transferable right to access and use the products and services identified in Schedule 1 (“Subscribed Products”) and provide the Subscribed Products to its Authorized Users (as defined herein) subject to the terms and conditions of this Agreement.

#### 1.2 *Authorized Users/Sites.*

Authorized Users are the full-time and part-time students, faculty, staff and researchers of the Subscriber and individuals who are independent contractors or are employed by independent contractors of the Subscriber affiliated with the Subscriber’s locations listed on Schedule 2 (the “Sites”) and individuals using computer terminals within the library facilities at the Sites permitted by the Subscriber to access the Subscribed Products for purposes of personal research, education or other non-corporate use (“Walk-in Users”).

#### 1.3 *Authorized Uses.*

Each Authorized User may:

- access, search, browse and view the Subscribed Products;
- print, download and store a reasonable portion of individual items from the Subscribed Products for the exclusive use of such Authorized User;
- incorporate links to the Subscribed Products on the Subscriber’s intranet and internet websites and in electronic coursepacks, reserves and course management systems and instructor websites, provided that the appearance of such links and/or statements accompanying such links will be changed as reasonably requested by Elsevier;
- provide print or electronic copies of individual items from the Subscribed Products to other Authorized Users and to third-party colleagues for their scholarly or research use;
- store individual journal articles from the ScienceDirect Subscribed Products in the private library of a social networking site for the Authorized User’s own personal use only;
- share individual journal articles from the ScienceDirect Subscribed Products with third party colleagues individually for their scholarly or research use;
- share individual journal articles from the ScienceDirect Subscribed Products with a limited number of third party colleagues as part of an invitation only working group on non-commercial platforms or tools, for personal, scholarly or research use;
- access, search, browse, view, print, make electronic copies and store for the exclusive use of such Authorized User certain journal articles and book chapters from the ScienceDirect® online service that are not subscribed to as part of the Subscribed Products, with each twenty-four (24) hour access period for a selected article or chapter, a “Transaction.”; and

- if the Authorized User is a librarian/information specialist, access, search, browse, view, print, make electronic copies and store a Transaction for the exclusive use of another Authorized User.

The Subscriber may:

- print and deliver journal articles from Subscribed Titles (as defined herein) and, if any, book chapters from the ScienceDirect Subscribed Products to fulfill requests as part of the practice commonly known as “interlibrary loan” from non-commercial libraries located within the same country as the Subscriber; and
- extract and index Data from the Published Journal Articles/Published Book Chapters from Authors included in the Subscribed Products to index and store these in perpetuity in the Subscriber’s Institutional Repository by implementing the ScienceDirect APIs as outlined in the use case at: [http://dev.elsevier.com/ir\\_cris\\_vivo.html](http://dev.elsevier.com/ir_cris_vivo.html).

Abstracts may only be displayed on the abstract records on the Subscriber data’s websites, all other services of the Institutional Repository, such as (but not limited to) alerts, e-mail services and API’s may only display Snippets but not abstracts.

In connection with the storage of Data from the Published Journal Articles/Published Book Chapters from Authors in the Subscriber’s Institutional Repository, the Subscriber will:

- (i) integrate the Institutional Repository software with Elsevier’s APIs in accordance with the API Documentation;
- (ii) display clear indicators informing users of the Institutional Repository in case they are entitled to the Published Journal Article/Published Book Chapter next to each instance where Data are displayed;
- (iii) ensure links to the relevant Published Journal Article/Published Book Chapter landing page in the Subscribed Product are available as part of the displayed Data. In the event links to multiple instances of the full text article/book chapter are displayed, the Subscriber will ensure that the link to the Published Journal Article/Published Book Chapter is displayed more prominently than the links to the other versions of the article/book chapter;
- (iv) undertake reasonable efforts to ensure that Accepted Manuscripts bear a CC BY-NC-ND license and link back to the Published Journal Article/Published Book Chapter on ScienceDirect;
- (v) ensure the indexes only include Data and no other parts of the Published Journal Articles/Published Book Chapters; and
- (vi) remove illicit versions of Published Journal Articles on the terms which are set out here: <https://www.elsevier.com/about/company-information/policies/hosting> upon Elsevier’s request and allow Elsevier to review the implementation of the Data into the Institutional Repository. Elsevier will have the right to suggest improvements to the display of the search results for the Published Journal Articles/Published Book Chapters that are available on the Elsevier site.

The Subscriber recognizes that Elsevier wants to ensure that the Institutional Repository will not share personal or private information, including user identities. In the event the Institutional Repository collects or otherwise processes or uses personal data the Subscriber will be responsible for complying with the relevant data protection and privacy laws.

As used in this section regarding the storage of Data from the Published Journal Articles/Published Book Chapters from Authors in the Subscriber's Institutional Repository:

“Authors” means employees, students and other staff of the Subscriber and independent contractors appointed by the Subscriber.

“Accepted Manuscript” means an author's version of the manuscript of a journal article or book chapter that has been accepted for publication and which typically includes author-incorporated changes suggested during submission, and editor-author communications. Accepted Manuscripts should not be added to or enhanced in any way in order to appear more like, or to substitute for, the Published Journal Article/Published Book Chapter.

“CC BY-NC-ND” (Creative Commons Attribution – Non Commercial – No Derivatives) means Creative Commons license for non-commercial purposes. CC BY-NC-ND allows others to distribute and copy the Accepted Manuscript for non-commercial purposes, as long as they credit the author(s) (with a link to the formal publication through the relevant DOI), provide a link to the license, and do not represent that the licensor endorses the use made of the article/book chapter. If the user alters or revises the Published Journal Article/Published Book Chapter in any way, it cannot distribute the modified version of the article/book chapter to others.

“Data” will be limited to the following: index terms, bibliographic information, headers, digital object identifiers, embargo end dates, keywords, author affiliation, Snippets and abstracts of the full text articles/book chapters.

“Institutional Repository” means the Subscriber's secure database system that Subscriber uses to collect, preserve and disseminate information about the intellectual output of the Subscriber's institute(s).

“Published Book Chapter” means the definitive final record of published research that appears, or will appear, in the book and embodies all value-adding publisher activities including copy-editing, formatting and (if relevant) pagination, and online enrichment.

“Published Journal Article” means the definitive final record of published research that appears, or will appear, in the journal and embodies all value-adding publisher activities including copy-editing, formatting and (if relevant) pagination, and online enrichment.

“Snippets” mean a short contextually relevant query-dependent text or data which may include bibliographic metadata as well as a maximum of 120 words of query-dependent text from individual Published Journal Articles/Published Book Chapters.

#### 1.4 *Restrictions on Use of Subscribed Products.*

Except as expressly stated in this Agreement or otherwise permitted in writing by Elsevier, the Subscriber and its Authorized Users may not:

- abridge, modify, translate or create any derivative work based on the Subscribed Products, except to the extent necessary to make them perceptible on a computer screen to Authorized Users;
- remove, obscure or modify in any way any copyright notices, other notices or disclaimers as they appear in the Subscribed Products;
- use any robots, spiders, crawlers or other automated downloading programs, algorithms or devices to continuously and automatically search, scrape, extract, deep link, index or disrupt the working of the Subscribed Products;

- substantially or systematically reproduce, retain, store locally, redistribute or disseminate online the Subscribed Products; or
- post individual items from the Subscribed Products on social networking sites.

Authorized Users who are individuals who are independent contractors or are employed by independent contractors may use the Subscribed Products only for the purposes of the contracted research work for the Subscriber.

### 1.5 *Text and Data Mining*

The Subscriber may:

- access the text and data mining service online via an API at <http://dev.elsevier.com> to continuously and automatically extract and index and/or process information from the ScienceDirect Subscribed Products to which the Subscriber separately subscribes and load and integrate the results (the “TDM Output”) on the Subscriber’s text-mining system for access and use by Authorized Users; and
- distribute the TDM Output externally, which may include a few lines of query-dependent text of individual full text articles or book chapters (“Snippets”) or bibliographic metadata. Where Snippets and/or bibliographic metadata are distributed, they should be accompanied by a DOI link that points back to the individual full text article or book chapter. Where images are used the Subscriber should clear the rights for reuse with the relevant copyright owner and/or rights holder. Further the TDM Output should include a notice in the following form:

*“© Some rights reserved. This work permits non-commercial use, distribution, and reproduction in any medium, provided the original author and source are credited.”*

Elsevier will be entitled, at its sole discretion, costs and expense, to audit the Subscriber’s and any engaged third party vendor’s entire TDM environment, which would include the extracted data, the TDM Output, the hardware environment, software deployed and security controls in place and to ensure compliance with the terms and conditions of this Agreement.

The text and data mining service online may be accessed by, processed, or hosted by, vendors or other third parties retained by the Subscriber only with the express written permission of Elsevier and solely for the index and/or process information purposes of the Subscriber. Any such vendor or approved third party will not ingest the data for any other reasons and will keep such extracted data, the Snippets and the TDM Output separate and segregated from any other data, and will have no right or ability to use the extracted data, the Snippets and the TDM Output in any other product or service offering.

Furthermore, vendors or other approved third parties will agree in writing to agree and comply with the terms and conditions of this Agreement and will provide Elsevier a copy of such written statement. The Subscriber will not appoint vendors or other third parties which are located outside the European Union, Canada or the United States of America.

The Subscriber will exercise the same degree of care and apply the same level of security control with respect to the use of the text and data mining service online and the activities under this Agreement as with the Subscriber’s own product and service. The Subscriber will be primarily liable for the compliance of all Authorized Users and the engaged third party vendor with this Agreement.

As additional restrictions in this usage grant, the Subscriber and its Authorized Users may not:

- use any robots, spiders or other automated downloading programs, algorithms or devices to search, screen-scrape, extract, or index any Elsevier web site or web application, other than the text and data mining service online via an API;

- create derivative products or services and/ or utilize the TDM Output in a way that would compete with the value of the final peer review journal article or the Subscribed Products, or have the potential to compete with, to substitute and/or replicate any other existing Elsevier products, services and/or solutions or to enhance the products or services and/or solutions of the engaged vendor or otherwise commercially use or allow commercial use of the TDM Output;
- perform text and data mining for a third party; or
- store, or permit storage of, content from the Subscribed Products, extracted data, the Snippets and/or the TDM Output on any server other than an internal server of the Subscriber.

#### 1.6 *Intellectual Property Ownership.*

The Subscriber acknowledges that all right, title and interest in and to the Subscribed Products remain with Elsevier and its suppliers, except as expressly set forth in this Agreement, and that the unauthorized redistribution or dissemination online of the Subscribed Products could materially and irreparably harm Elsevier and its suppliers.

Notwithstanding anything to the contrary contained in this Agreement, more extensive usage terms might be permitted for open access content in the Subscribed Products as identified in the individual journal article as stated in the applicable user (e.g. CC) license.

#### 1.7 *Open Access.*

The parties have agreed to the open access terms as attached hereto as Schedule 3.

### **SECTION 2. ELSEVIER PERFORMANCE OBLIGATIONS.**

#### 2.1 *Access to Subscribed Products.*

Elsevier will make the Subscribed Products accessible to the Subscriber and its Authorized Users from the internet address set forth on Schedule 1 or as may be otherwise set forth herein, upon receipt by Elsevier of this Agreement document in the territory of The Netherlands, as duly signed by the Subscriber, which acceptance will be evidenced and timestamped by an authorised representative of Elsevier in the Netherlands.

#### 2.2 *Quality of Service.*

Elsevier will use reasonable efforts to provide the Subscribed Products with a quality of service consistent with industry standards, specifically, to provide continuous service with an average of 98% up-time per year, with the 2% down-time including scheduled maintenance and repairs performed at a time to minimize inconvenience to the Subscriber and its Authorized Users, and to restore service as soon as possible in the event of an interruption or suspension of service.

#### 2.3 *Withdrawal of Content.*

Elsevier reserves the right to withdraw from the Subscribed Products content that it no longer retains the right to provide or that it has reasonable grounds to believe is unlawful, harmful, false or infringing.

#### 2.4 *Usage Data Reports.*

Elsevier will make usage data reports on the Subscriber's usage activity available as described at [https://www.elsevier.com/sd\\_usage\\_reports](https://www.elsevier.com/sd_usage_reports). Such reports may be accessed by vendors or other third parties retained by the Subscriber only with the express written permission of Elsevier and for the purpose of usage analysis of the Subscriber.

### **SECTION 3. SUBSCRIBER PERFORMANCE OBLIGATIONS.**

#### 3.1 *Authentication.*

Access to the Subscribed Products will be authenticated by the use of Internet Protocol ("IP") address(es) and/or usernames and passwords and/or a delegated authentication mechanism requiring at least

two different credentials, as identified on Schedule 2. Access to the Subscribed Products by Authorized Users who are Walk-in Users is permitted provided that access is limited to fixed terminals/workstations at the Sites only. Remote access to the Subscribed Products by Walk-in Users is not permitted. The distribution of usernames/passwords and other access credentials to such Authorized Users or otherwise made discoverable by those Authorized Users is not permitted.

### 3.2 *Protection from Unauthorized Access and Use.*

The Subscriber will:

- take appropriate measures to protect against the misuse or unauthorized access, whether by the Subscriber or any third party, through or to (a) the Subscriber's credentials used to access the Subscribed Products; and (b) the Subscribed Products and/or information derived therefrom;
- manage identification, use, access and control of all credentials used to access the Subscribed Products in an appropriately secure manner, including, but not limited to, by:
  - limiting access to and use of the Subscribed Products to Authorized Users and notifying all Authorized Users of the usage restrictions set forth in this Agreement and that they must comply with such restrictions;
  - issuing any passwords or credentials used to access the Subscribed Products only to Authorized Users, not divulging any passwords or credentials to any third party, and notifying all Authorized Users not to divulge any passwords or credentials to any third party; and
  - providing true, complete and accurate IP addresses, as identified on Schedule 2, (if any) for the exclusive use by the Subscriber (including, if requested by Elsevier, written confirmation by the relevant third party internet service provider) and proactively informing Elsevier of any changes to the Subscriber IP addresses, including the addresses no longer being used exclusively by the Subscriber.
- without undue delay, deactivate any credentials when no longer needed or where access presents a security risk;
- implement appropriate policies and procedures to seek to ensure that all use of the Subscribed Products is for its legitimate business purposes and in compliance with all terms and conditions herein;
- implement and maintain its own appropriate program for credentials management and will use commercially reasonable efforts to follow the policies and procedures for account maintenance as may be communicated to the Subscriber by Elsevier from time to time in writing;
- on an appropriate basis, review access to the Subscribed Products by its passwords or credentials used to access the Subscribed Products to ensure that such access was in compliance with all terms and conditions herein; and
- promptly upon becoming aware of any unauthorized use of the Subscribed Products, inform Elsevier and take appropriate steps to end such activity and to prevent any recurrence.

In the event of any unauthorized use of the Subscribed Products, Elsevier may suspend the access and/or require that the Subscriber suspend the access from where the unauthorized use occurred upon notice to the Subscriber. The Subscriber will not be liable for unauthorized use of the Subscribed Products by any Authorized Users provided that the unauthorized use did not result from the Subscriber's own negligence or willful misconduct and that the Subscriber did not permit such unauthorized use to continue after having

actual notice thereof. The Subscriber will be responsible for the adherence to the terms and conditions of this Agreement by a third party provider the Subscriber engages, in particular, if such third party provider supplies and manages IP addresses.

### 3.3 *Security Requirements.*

The Subscriber agrees that the Subscriber will have in place documented policies and procedures, which may be reviewed, covering the administrative, physical and technical safeguards in place and relevant to the access, use, loss, alteration, disclosure, storage, destruction and control of information. The Subscriber will promptly notify Elsevier if it determines that there has been a breach of such safeguards if such breach results in a compromise of any information provided hereunder and cooperate with Elsevier's reasonable requests surrounding such breach including taking appropriate steps to end such activity and to prevent any recurrence.

## **SECTION 4. FEES AND PAYMENT TERMS.**

The Subscriber will pay to Elsevier the fees set forth in Schedule 1 (the "Fees") in accordance with the schedule set forth in Schedule 1. In addition to other remedies provided in this Agreement, Elsevier reserves the right to suspend access to the Subscribed Products upon thirty (30) days' prior written notice and without incurring liability if 1) the full amount of any Elsevier invoice hereunder has not been paid within the agreed payment deadline or 2) any invoice is outstanding under previous subscription agreements between parties for the Subscribed Products. The suspension of the Subscriber's access for non-payment or on any other grounds provided herein is without prejudice to the Subscriber's obligation to pay its outstanding and future invoice amounts in full. Elsevier and the Subscriber acknowledge that the Fees payable under this Agreement are not in the nature of royalties and consequently no withholding tax should be applied to the Fees. The Fees will be exclusive of any sales, use, value added, withholding or similar tax and the Subscriber will be liable for any such taxes in addition to the Fees. Any sum to be paid by the Subscriber to Elsevier under this Agreement will be paid by way of transfer to Elsevier's bank account in the Netherlands. The currency of account and the currency of payment for any sum to be paid by the Subscriber to Elsevier under this Agreement will be EUR (meaning the lawful currency of the European part of the Netherlands at the effective date of this Agreement), notwithstanding any changes in Euro zone membership that might occur after the effective date of this Agreement, except in the event that (a) the Netherlands cease to be a member of the Euro zone of the European Union or (b) all participating members of the Euro zone cease to do so and the Euro ceases to exist, in which event the sum will become payable in the currency that will be officially adopted as the legal currency in the Netherlands. The Subscriber waives any right it may have at any time in any jurisdiction to pay any sum under this Agreement in a currency unit other than that in which it is expressed to be payable under this clause. The Subscriber will be charged local value added tax (VAT), based on the Subscriber's place of establishment, unless the Subscriber is a foreign relevant business person and provides to Elsevier its VAT Identification Number. The Subscriber will promptly notify Elsevier of any changes to its VAT Identification Number or VAT status. Elsevier may charge the Subscriber any VAT, fines, penalties, interest and other costs that Elsevier may incur as a result of incorrect VAT information.

## **SECTION 5. DURATION.**

### 5.1 *Term.*

The term of this Agreement will commence on 01 January 2021 and continue through and including 31 December 2024 ("Initial Term").

### 5.2 *Renewal.*

After the Initial Term, this Agreement may be renewed upon mutual agreement of the parties in writing for an additional one-year term(s) (a "Renewal Term"), and the Fees will be increased by the then current standard Elsevier price increase. The Subscriber must give written notice to Elsevier no later than ninety (90) days prior to the end of the then current Term of its intention to renew or to not renew. The Initial Term and each Renewal Term are collectively the "Term."

5.3 *Early Termination Due To Insufficient Budgetary Allotment From Government.*

The Subscriber may terminate this Agreement upon thirty (30) days' notice given by the Subscriber to Elsevier if sufficient funds are not provided, allocated or allotted in future government-approved budgets of the Subscriber or reasonably available or expected to become available from other sources at the time the Subscriber's payment obligation attaches to permit the Subscriber, in the exercise of its reasonable administrative discretion, to continue this Agreement. Notwithstanding the foregoing, if access to the Subscribed Products was provided but not yet paid for prior to termination, Elsevier will be entitled to receive a pro rata portion of the Fees attributable to the period of time that access was provided.

**SECTION 6. ELSEVIER WARRANTIES AND INDEMNITIES.**

6.1 *Warranties.*

Elsevier warrants that use of the Subscribed Products in accordance with the terms and conditions herein will not infringe the intellectual property rights of any third party.

6.2 *Indemnities.*

Elsevier will indemnify, defend and hold harmless the Subscriber and its Authorized Users from and against any loss, damage, costs, liability and expenses (including reasonable attorneys' fees) arising from or out of any third-party action or claim that use of the Subscribed Products in accordance with the terms and conditions herein infringes the intellectual property rights of such third party. If any such action or claim is made, the Subscriber will promptly notify and reasonably cooperate with Elsevier. This indemnity obligation will survive the termination of this Agreement.

6.3 *Disclaimer.*

EXCEPT FOR THE EXPRESS WARRANTIES AND INDEMNITIES STATED HEREIN AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE SUBSCRIBED PRODUCTS ARE PROVIDED "AS IS" AND ELSEVIER AND ITS SUPPLIERS EXPRESSLY DISCLAIM ALL WARRANTIES AND REPRESENTATIONS OF ANY KIND WITH REGARD TO THE SUBSCRIBED PRODUCTS AND ANY OTHER DATA, DOCUMENTATION OR MATERIALS PROVIDED IN CONNECTION WITH THIS AGREEMENT, INCLUDING BUT NOT LIMITED TO ANY ERRORS, INACCURACIES, OMISSIONS, OR DEFECTS CONTAINED THEREIN, AND ANY IMPLIED OR EXPRESS WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

6.4 *Limitation of Liability.*

Except for the express warranties and indemnities stated herein and to the extent permitted by applicable law, in no event will Elsevier or its suppliers be liable for any indirect, incidental, special, consequential or punitive damages including, but not limited to, loss of data, business interruption or loss of profits, arising out of or in connection with this Agreement, nor will the liability of Elsevier and its suppliers to the Subscriber exceed a sum equal to the Fees paid by the Subscriber hereunder during the twelve (12) month period immediately preceding the date on which the claim arose, even if Elsevier or any supplier has been advised of the possibility of such liability or damages.

**SECTION 7. GENERAL.**

7.1 *Force Majeure.*

Neither party's delay or failure to perform any provision of this Agreement (other than payment obligations) as a result of circumstances beyond its control (including, but not limited to, war, strikes, fires, floods, power failures, telecommunications or Internet failures or damage to or destruction of any network facilities or servers) that prevents it from fulfilling its obligations under this Agreement (any such circumstances being "Force Majeure") will be deemed a breach of this Agreement. The parties agree that the departure of one or more members of the Euro zone will not, in and of itself, be a "circumstance beyond its control" and will not have the effect of discharging or excusing performance of (any obligation under) this Agreement.

#### 7.2 *Severability.*

The invalidity or unenforceability of any provision of this Agreement will not affect any other provisions of this Agreement.

#### 7.3 *Entire Agreement.*

This Agreement contains the entire understanding and agreement of the parties and replaces and supersedes any and all prior and contemporaneous agreements, communications, proposals and purchase orders, written or oral, between the parties with respect to the subject matter contained herein.

#### 7.4 *Modification.*

No modification, amendment or waiver of any provision of this Agreement will be valid unless in writing and signed by the parties, except for changes reflecting substituted titles, IP addresses, authentication mechanisms, invoicing and contact address details which may be confirmed by Elsevier in an email notice sent to the Subscriber.

#### 7.5 *Assignment.*

The Subscriber will not assign, transfer or license any of its rights or obligations under this Agreement unless it obtains the prior written consent of Elsevier, which consent will not unreasonably be withheld.

#### 7.6 *Privacy.*

To the extent that Authorized Users provide any personal data to Elsevier during account registration or otherwise, the Subscriber acknowledges that such information will be collected, used and disclosed by Elsevier in accordance with the Elsevier privacy policy applicable to the Subscribed Products. Each party will comply with its obligations under applicable privacy and data protection legislation with respect to the processing of personal data of Authorized Users in connection with the Agreement.

#### 7.7 *Notices.*

All notices given pursuant to this Agreement will be in writing and delivered to the party to whom such notice is directed at the address specified below or the electronic mail address as such party will have designated by notice hereunder.

If to Elsevier: Elsevier B.V., Radarweg 29, 1043 NX Amsterdam, The Netherlands.

If to the Subscriber: Universidad Miguel Hernandez de Elche, Avinguda de la Universitat d'Elx, Elche, 03202, Spain.

#### 7.8 *Confidentiality.*

The Subscriber and its employees, officers, directors and agents will maintain as confidential and not disclose to any non-affiliated third party without Elsevier's prior written consent the financial terms and commercial conditions of this Agreement. Notwithstanding the foregoing, the Subscriber may publish information about the existence of this Agreement and its scope, the payment mechanisms and the total amount of the Fees. Elsevier may only disclose such information (i) to applicable service providers to the extent necessary to perform their functions in support of this Agreement and (ii) where reasonably necessary to address security, safety, fraud or other legal issues, and share the Subscriber's IP address ranges and holdings information (ISSN/ISBN, access start and end date) with internet search engine providers for the sole purpose of displaying to Authorized Users in their internet search results links to full-text articles and books available in the Subscribed Products.

#### 7.9 *Compliance with Laws.*

Each party will comply with all applicable laws and regulations relating to its duties and obligations under this Agreement. Elsevier reserves the right to deny access to the Subscribed Products to any person or entity who is prohibited from receiving such access based on any applicable export control and trade sanctions laws or embargo programs.

7.10 *Execution.*

This Agreement and any amendment thereto may be executed in counterparts, and signatures exchanged by facsimile or other electronic means are effective to the same extent as original signatures.

7.11 *Governing Law and Venue.*

This Agreement will be governed by and construed in accordance with the laws of Spain, without regard to conflict of law principles, and the parties irrevocably consent to the exclusive jurisdiction of the courts of Spain with respect to any action or suit arising out of or pertaining to this Agreement.

**IN WITNESS WHEREOF**, the parties have executed this Agreement by their respective, duly authorized representatives as of the date first above written.

**ELSEVIER SUBSCRIPTION AGREEMENT**  
**Schedule 3**  
**Open Access Terms**

**1 Background**

1.1 Corresponding authors affiliated with the Subscriber shall be referred to as “Corresponding Author(s)”.

**2 Open Access Pilot**

2.1 During the Initial Term, Corresponding Authors are granted the right, as part of an open access pilot (“Pilot”) and subject to the terms of this Schedule 3, to publish articles open access in the Elsevier owned and published:

- (a) core hybrid Freedom Collection journals set out in Annex A to this Schedule 3; and
- (b) subscribed core hybrid journals outside of the Freedom Collection set out in Annex B to this Schedule 3,

(together the “Eligible Journals”).

2.2 Journal inclusions may from time to time be subject to change, including, but not limited to, changes resulting from the addition of new journal titles, journal transfers and/or changes of business model or ownership. If a core hybrid journal that is also an Eligible Journal converts to fully gold open access during the Initial Term, such journal will remain an Eligible Journal under this Agreement.

2.3 For the Initial Term, the Subscriber’s drawdown pot for open access publishing (“Drawdown Pot”) is as follows:

	<b>2021</b>	<b>2022</b>	<b>2023</b>	<b>2024</b>
<b>Drawdown Pot</b> €	<i>159,126.79</i>	<i>179,653.00</i>	<i>201,802.00</i>	<i>204,263.00</i>
<b>Minimum APC</b> #	<i>68</i>	<i>73</i>	<i>82</i>	<i>83</i>

(The drawdown pot is an allocation mechanism for tracking APC usage and does not represent an appropriate allocation of the value of the services provided under this Agreement for VAT purposes.)

2.4 As part of the Pilot, if an open access article by a Corresponding Author is accepted for publication in an Eligible Journal, the Drawdown Pot for that calendar year shall be reduced by the then current list price value of the article publishing charge (“APC”) for such article, as set forth at <https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist> (“APC List Price”).

2.5 If, during any year of the Initial Term, the Drawdown Pot for such year is exhausted before the minimum number of APCs stated in the table in clause 2.3 above (“Minimum APCs”) are used, the Subscriber will be entitled to an additional number of APCs to meet the guaranteed minimum number for that year.

- 2.6 Any unused amount in the Drawdown Pot at the end of a calendar year will not carry over to the next calendar year. Any unused amount in the Drawdown Pot will expire at the end of the Initial Term and is not refundable.
- 2.7 Annually, CRUE may change the distribution method used to allocate the national drawdown pot between participating member institutions, which includes the Subscriber. If, as a result of such change, a reallocation between such institutions is required, then CRUE must notify Elsevier in writing by December 1 of the new allocation for the following year. Any such reallocation will not affect the total Fees due under this Agreement.

### **3 Additional Pricing**

- 3.1 In the event that the Drawdown Pot is exhausted and the Minimum APCs have all been used, Corresponding Authors may publish open access articles in Eligible Journals subject to a 10% discount on the APC List Price.
- 3.2 During the Initial Term, Corresponding Authors may publish open access articles in Elsevier owned and Elsevier published fully gold journals (excluding Cell Press and The Lancet) not included under the Pilot subject to a 10% discount on the APC, based on the then current list price set forth at <https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist>.

### **4 Workflow**

- 4.1 The Elsevier publishing workflow will use the acceptance date to determine the eligibility of an article under the Pilot. In order to benefit from the commercial arrangements mentioned in this Schedule 3, articles submitted by the Corresponding Author must be accepted by the relevant Eligible Journal during the Initial Term.
- 4.2 In Elsevier's journal workflow, the Corresponding Author will specify the institution that they are affiliated to and the relevant research funding source(s). Based on this data, Elsevier will provide the Corresponding Author with the relevant publishing options. For the purposes of eligibility, the Corresponding Author is the single author who manages the publication process for an article from submission to post acceptance and corresponds with Elsevier on the same.
- 4.3 In the event a Corresponding Author has chosen the open access option, the journal article, if accepted for publication in an Eligible Journal, shall automatically be published under a CC-BY or CC-BY-NC-ND license as determined by the Corresponding Author, subject to the conditions and process set forth herein.
- 4.4 The Elsevier Open Access Platform ("EOA Platform") requires the Subscriber to make reasonable efforts to accurately validate that the relevant Corresponding Author is affiliated with the Subscriber, and will provide the Subscriber with the available relevant details including Corresponding Author name and e-mail address, DOI, article title, article type, journal title, research funding, submission and acceptance date of the article and the APC.
- 4.5 The Subscriber is responsible for informing Corresponding Authors that they are required to identify themselves as being a Corresponding Author in Elsevier's journal workflow in order to benefit from the commercial arrangements under the Pilot. The Subscriber will have access to the EOA Platform in order to validate a Corresponding Author's eligibility within 15 working days after a Corresponding Author has selected the open access option in Elsevier's journal workflow.

## **5 Payment and Invoicing**

- 5.1 In the event that the Subscriber does not validate the eligibility of an author or does not complete the eligibility validation within 15 working days after an author has selected the open access option in Elsevier's journal workflow, the relevant Corresponding Author will have the option to pay the APC themselves at the then current non-discounted APC list price as set out at <https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist> or to publish the article on a subscription basis.
- 5.2 If the Corresponding Author chooses to pay the APC pursuant to clauses 3.1, 3.2 or 5.1, Elsevier will send the invoice to the address provided by the Corresponding Author.

## **6 Reporting**

- 6.1 The Subscriber will have access to monthly reports that include a breakout of all articles (open access and subscription based) published by Corresponding Authors in the Elsevier journals governed by the Pilot. Minimum metadata requirements are: Corresponding Author name, Corresponding Author affiliation, corresponding e-mail, funding grant IDs (if provided), date of submission, date of acceptance, journal title, ISSN, article title, article type, article APC and discount (if any), open access Y/N, DOI, and CC license.
- 6.2 Elsevier will provide annually an updated list of journal titles that are eligible for open access publishing as part of the Pilot.

**Annex A to Schedule 3**  
**Eligible Journals**

This list of eligible hybrid journals may from time to time be subject to non-material changes, including but not limited to changes resulting from the addition of new journal titles, journal transfers and changes of business model or ownership.
